## PROXY STATEMENT

---

### ANNUAL MEETING OF STOCKHOLDERS TO BE HELD ON NOVEMBER 29, 2012

This Proxy Statement and the accompanying proxy card and notice of Annual Meeting are provided in connection with the solicitation of proxies by and on behalf of the Board of Directors of K12 Inc., a Delaware corporation, for use at the annual meeting of stockholders to be held at the law firm of Latham & Watkins LLP, 555 Eleventh Street, NW, Suite 1000, Washington, DC 20004-1304, on Thursday, November 29, 2012, at 9:00 A.M., Eastern Time, and any adjournments or postponements thereof, the "Annual Meeting". "We," "our," "us," "the Company," and "K<sup>12</sup>" each refer to K12 Inc. The mailing address of our principal executive offices is 2300 Corporate Park Drive, Herndon, VA 20171. This Proxy Statement, the accompanying proxy card and the notice of Annual Meeting will be made available on or about October 29, 2012, to holders of record as of October 10, 2012 of our common stock, par value \$0.0001 per share, or Common Stock.

#### VOTING SECURITIES

##### **Record Date; Outstanding Shares; Shares Entitled to Vote**

Our Board of Directors has fixed the close of business on October 10, 2012, as the Record Date for determining the stockholders entitled to notice of, and to vote at, the Annual Meeting. On the Record Date, we had 36,844,093 shares of Common Stock and 2,750,000 shares of Series A Special Stock convertible into 2,750,000 shares of Common Stock issued and outstanding.

Holders of record of Common Stock on the Record Date will be entitled to one vote per share of Common Stock on any matter that may properly come before the Annual Meeting and any adjournments or postponements of the Annual Meeting. Holders of record of Series A Special Stock will be entitled to one vote per share of Series A Special Stock on any matter that may properly come before the Annual Meeting, except for the election of directors, and any adjournments or postponements of the Annual Meeting. Holders of Series A Special Stock are not entitled to vote on the election of directors.

##### **Quorum and Vote Required**

The presence, in person or by duly executed proxy, of stockholders representing a majority of all the votes entitled to be cast at the Annual Meeting will constitute a quorum. If a quorum is not present at the Annual Meeting, we expect that the Annual Meeting will be adjourned or postponed to solicit additional proxies.

If a quorum is present, (1) the members of the Board of Directors must be elected by a plurality of votes present in person or by proxy at the Annual Meeting and entitled to vote; and (2) the proposals of a non-binding advisory vote on executive compensation, and for the ratification of the appointment of BDO USA, LLP as the Company's independent registered public accounting firm for the fiscal year ending June 30, 2013, or fiscal year 2013, and such other matters as may properly come before the Annual Meeting or any adjournments or postponements of the Annual Meeting, must be approved by the affirmative vote of a majority of the votes present in person or represented by proxy at the Annual Meeting.

## **Voting; Proxies; Revocation**

Shares of our Common Stock represented at the Annual Meeting by properly executed proxies received prior to or at the Annual Meeting, and not revoked prior to or at the Annual Meeting, will be voted at the Annual Meeting, and at any adjournments, continuations or postponements of the Annual Meeting, in accordance with the instructions on the proxies.

If a proxy is duly executed and submitted without instructions, the shares of Common Stock represented by that proxy will be voted:

- **FOR** Proposal 1, the election of the Board of Director nominees named in this Proxy Statement;
- **FOR** Proposal 2, the approval, on a non-binding advisory basis, of the compensation of the named executive officers of the Company;
- **FOR** Proposal 3, the ratification of the appointment of BDO USA, LLP as the Company's independent registered public accounting firm for fiscal year 2013; and
- In the discretion of the proxy holders regarding any other matters properly presented for a vote at the Annual Meeting or any adjournments or postponements of the Annual Meeting.

The person who executes a proxy may revoke it at, or before, the Annual Meeting by: (i) delivering to our corporate secretary a written notice of revocation of a previously delivered proxy bearing a later date than the proxy; (ii) duly executing, dating and delivering to our corporate secretary a subsequent proxy; or (iii) attending the Annual Meeting and voting in person. Attendance at the Annual Meeting will not, in and of itself, constitute revocation of a proxy. Any written notice revoking a proxy should be delivered to K12 Inc., Attn: General Counsel and Secretary, 2300 Corporate Park Drive, Herndon, VA 20171. If your shares of Common Stock are held in a brokerage account, you must follow your broker's instructions to revoke a proxy.

## **Abstentions and Broker Non-Votes**

Broker non-votes occur when a nominee holding shares of voting securities for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power on that item and has not received instructions from the beneficial owner. Abstentions, withheld votes, and broker non-votes are included in determining whether a quorum is present but are not deemed a vote cast "For" or "Against" a given proposal, and therefore, are not included in the tabulation of the voting results. As such, abstentions, withheld votes, and broker non-votes do not affect the voting results with respect to the election of directors. Abstentions and broker non-votes will have the effect of a vote against the approval of any items requiring the affirmative vote of the holders of a majority or greater of the outstanding Common Stock and Series A Special Stock who are entitled to vote and are present in person or represented by proxy at the Annual Meeting.

## **Proxy Solicitation**

We are soliciting proxies for the Annual Meeting from our stockholders and we will bear the entire cost of soliciting proxies from our stockholders. Copies of solicitation materials will be furnished to brokerage houses, fiduciaries and custodians holding Common Stock for the benefit of others so that such brokerage houses, fiduciaries and custodians may forward the solicitation materials to such beneficial owners. We may reimburse persons representing beneficial owners of Common Stock for their expenses in forwarding solicitation materials to those beneficial owners. Original solicitation of proxies by mail may be supplemented by telephone or personal solicitation by our directors, officers or other regular employees of the Company. No additional compensation will be paid to our directors, officers or other regular employees for these services.

**Business; Adjournments**

We do not expect that any matter other than the proposals presented in this Proxy Statement will be brought before the Annual Meeting. However, if other matters are properly presented at the Annual Meeting or any adjournments or postponements of the Annual Meeting, the proxy holders will vote in their discretion with respect to those matters.

If a quorum is not present at the Annual Meeting, the Annual Meeting may be adjourned from time to time upon the approval of the holders of shares representing a majority of the votes present in person, or by proxy at the Annual Meeting, until a quorum is present. Any business may be transacted at the adjourned meeting which might have been transacted at the meeting originally noticed. If the adjournment is for more than thirty (30) days, or if after the adjournment a new record date is fixed for the adjourned meeting, a notice of the adjourned meeting shall be given to each stockholder of record entitled to vote at the meeting. We do not currently intend to seek an adjournment of the Annual Meeting.

## **QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING AND THESE PROXY MATERIALS**

*The following addresses some questions you may have regarding the matters to be voted upon at the Annual Meeting. These questions and answers may not address all questions that may be important to you as a stockholder of the Company. Please refer to the more detailed information contained elsewhere in this Proxy Statement and the documents referred to or incorporated by reference in this Proxy Statement for additional information.*

### **Why am I receiving this Proxy Statement?**

The Company is soliciting proxies for the Annual Meeting. You are receiving a Proxy Statement because you owned shares of Common Stock on October 10, 2012, the record date for the Annual Meeting, which entitles you to vote at the Annual Meeting. By use of a proxy, you can vote, whether or not you attend the Annual Meeting. This Proxy Statement describes the matters on which we would like you to vote and provides information on those matters so that you can make an informed decision.

### **Why is K12 calling the Annual Meeting?**

We are calling the Annual Meeting and submitting proposals to stockholders of the Company to consider and vote upon Annual Meeting matters, including electing directors, a non-binding advisory vote on executive compensation, and ratifying the appointment of our independent registered public accounting firm. You are being asked to vote in favor of the election of nine directors nominated by our Board of Directors, for the Company's executive compensation, and for the ratification of the selection of BDO USA, LLP as the Company's independent registered public accounting firm for the fiscal year ending June 30, 2013.

### **How does the Board of Directors recommend that I vote?**

Our Board of Directors recommends that you vote *FOR* each of the proposals.

### **What do I need to do now?**

After carefully reading and considering the information in this Proxy Statement, please complete, date, sign and promptly mail the proxy card in the envelope provided, which requires no postage if mailed in the United States, or vote electronically via the Internet or by telephone by following the instructions provided by your broker.

### **May I vote in person?**

Yes. If you were a stockholder of record as of October 10, 2012, you may attend the Annual Meeting and vote your shares in person instead of returning your signed proxy card. However, we urge you to return your proxy card even if you are planning to attend the Annual Meeting.

### **How do I vote if my shares are held in "street name" by my broker?**

If you are a beneficial owner of shares registered in the name of your broker, bank, or other agent, you should have received voting instructions with these proxy materials from that organization rather than from us. Simply complete and mail your voting instructions as directed by your broker or bank to ensure that your vote is counted. To vote in person at the Annual Meeting, you must obtain a valid proxy from your broker, bank, or other agent. Follow the instructions from your broker or bank included with these proxy materials, or contact your broker or bank to request a proxy form.

**If my shares are held in “street name” by my broker, will my broker vote my shares for me even if I do not give my broker voting instructions?**

Under the rules that govern brokers who have record ownership of shares that are held in “street name” for their clients, brokers may vote such shares on behalf of their clients with respect to “routine” matters (such as the ratification of auditors), but not with respect to non-routine matters (such as the election of directors or a proposal submitted by a shareholder). If the proposals to be acted upon at the Annual Meeting include both routine and non-routine matters, the broker may turn in a proxy card for uninstructed shares that votes FOR the routine matters, but expressly states that the broker is not voting on non-routine matters. This is called a “broker non-vote.” Broker non-votes will be counted for the purpose of determining the presence or absence of a quorum, but will not be counted for the purpose of determining the number of votes cast. We encourage you to provide specific instructions to your broker by returning your proxy card. This ensures that your shares will be properly voted at the Annual Meeting.

**Can I revoke my proxy and change my vote?**

Yes. You have the right to revoke your proxy at any time prior to the time your shares are voted at the Annual Meeting. If you are a stockholder of record, your proxy can be revoked in several ways: by timely delivery of a written revocation to our corporate secretary, by submitting another valid proxy bearing a later date or by attending the Annual Meeting and voting your shares in person, even if you have previously returned your proxy card.

**When and where is the Annual Meeting?**

The Annual Meeting will be held on November 29, 2012 at 9:00 A.M., Eastern Time, at the law firm of Latham & Watkins LLP, 555 Eleventh Street, NW, Suite 1000, Washington, DC 20004-1304.

**Who can help answer my questions regarding the Annual Meeting or the proposals?**

You may contact K12 to assist you with your questions. You may reach K12 at:

## INFORMATION ABOUT THE BOARD OF DIRECTORS AND ITS COMMITTEES

### The Board of Directors and Director Independence

Our Board of Directors met seven times during the fiscal year 2012. During fiscal year 2012, each director attended at least 75% of the meetings of the Board of Directors and committees of the Board of Directors on which he or she served during the director's tenure, except Mr. Barrett who attended 70% of his total number of applicable meetings. Our policy with respect to director attendance at the annual meeting of the stockholders is to encourage, but not require, director attendance. Three members of our Board of Directors attended our 2011 Annual Meeting of Stockholders, Messrs. Packard and Davis and Ms. Futrell.

Our Board of Directors has affirmatively determined that each of our non-employee directors is "independent" as defined in the currently applicable listing standards of the New York Stock Exchange, or NYSE. Under the regulations of the U.S. Securities and Exchange Commission, or SEC, each of our non-employee directors is independent and eligible to be a member of the Audit Committee with the exception of Mr. Reynolds who is not independent due to his affiliation with Technology Crossover Ventures, which beneficially owns more than 10% of the Company's Common Stock. Mr. Packard is not independent under both NYSE and SEC rules because he is one of our executive officers. If the nominees for the Board of Directors are duly elected at the Annual Meeting, then each of our directors other than Mr. Packard will serve as an independent director on our Board of Directors as the term is defined in applicable rules of the NYSE. Our Board of Directors has a non-executive chairman, Mr. Davis, who presides over the executive sessions of the non-management directors. Furthermore, our Board of Directors has adopted Corporate Governance Guidelines which are available on our website at [www.K12.com](http://www.K12.com).

The standing committees of our Board of Directors are the Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee.

*Audit Committee.* The Audit Committee, which was established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934, as amended, or the Exchange Act consists of Mr. Fink, who serves as the Chairman, and Messrs. Bron and Davis. Our Board of Directors has determined that each of Messrs. Fink, Bron, and Davis qualify as independent directors under the applicable NYSE listing requirements and regulations of the SEC.

The Audit Committee met 14 times during fiscal year 2012. The meetings to review the Company's quarterly and annual periodic filings with the SEC each include at least two separate sessions (which together count as only one meeting) and separate communications with the Company's external auditors and Chief Financial Officer, as well as required executive sessions. The Audit Committee has a charter, available on our website at [www.K12.com](http://www.K12.com), setting forth the structure, powers and responsibilities of the Audit Committee. Pursuant to the charter, the Audit Committee is comprised of at least three members appointed by our Board of Directors, each of whom satisfies the requirements of independence and financial literacy. Our Audit Committee has determined that Messrs. Davis and Fink are audit committee financial experts as that term is defined under the Exchange Act. Under its charter, the responsibilities of the Audit Committee include:

- discussing with our independent registered public accounting firm the conduct of the audit, the adequacy and effectiveness of our accounting, the effectiveness of internal control over financial reporting, and applicable requirements regarding auditor independence;
- approving the audited financial statements of the Company to be included in our annual report on Form 10-K;
- annually reviewing and recommending to our Board of Directors the selection of an independent registered public accounting firm;
- pre-approving all audit and non-audit services and fees associated with our independent registered public accounting firm; and
- reviewing and discussing with management significant accounting matters.

*The Compensation Committee.* The Compensation Committee consists of Mr. Tisch, who serves as the Chairman, Messrs. Davis and Reynolds and Ms. Futrell. Our Board of Directors has determined that each of Messrs. Tisch, Davis and Reynolds and Ms. Futrell qualify as independent directors within the meaning of the applicable NYSE listing requirements.

The Compensation Committee met eight times during fiscal year 2012. The Compensation Committee has a charter, available on our website at [www.K12.com](http://www.K12.com), setting forth the structure, powers and responsibilities of the Compensation Committee. Under its charter, the responsibilities of the Compensation Committee include:

- reviewing the compensation philosophy of our Company;
- reviewing and approving corporate goals and objectives relating to the compensation of our Chief Executive Officer and, based upon an evaluation of the achievement of these goals, recommending to the Board of Directors our Chief Executive Officer's total compensation;
- reviewing and approving salaries, bonuses and other forms of compensation for our other executive officers, including without limitation stock options, restricted shares, and other forms of equity compensation;
- considering and adopting changes to our compensation structure as applicable to all non-executive officer employees, including, but not limited to, salaries and benefits;
- performing such duties and exercising such authority as may be assigned by the Board of Directors under the terms of our equity incentive and bonus plans; and
- performing such other duties and exercising such other authority as may be assigned from time to time to the Compensation Committee by our Board of Directors.

*The Nominating and Corporate Governance Committee.* The Nominating and Corporate Governance Committee consists of Mr. Bron, who serves as the Chairman, and Messrs. Barrett, Fink and Tisch. Our Board of Directors has determined that each of Messrs. Bron, Barrett, Fink and Tisch

qualify as independent directors within the meaning of the applicable NYSE listing requirements. Our Board of Directors has adopted Corporate Governance Guidelines which are available on our website at [www.K12.com](http://www.K12.com).

The Nominating and Corporate Governance Committee met three times during fiscal year 2012. The Nominating and Corporate Governance Committee has a charter, available on our website at [www.K12.com](http://www.K12.com), setting forth the structure, powers and responsibilities of the Nominating and Corporate Governance Committee. Under its charter, the Nominating and Corporate Governance Committee has the authority to nominate persons to stand for election to and to fill vacancies on our Board of Directors. The Nominating and Corporate Governance Committee may consider the following criteria, as well as any other factors the Nominating and Corporate Governance Committee deems appropriate, in recommending candidates for election to our Board of Directors: (i) personal and professional integrity, ethics and values; (ii) experience in corporate management, such as serving as an officer or former officer of a publicly-held company, and a general understanding of marketing, finance, operations, governance and other elements relevant to the success of a publicly-traded company in today's business environment; (iii) experience in management and in the Company's industry; (iv) experience as a board member of another publicly-held company; (v) academic or policy expertise in an area of the Company's operations; and (vi) practical and mature business judgment, including ability to make independent analytical inquiries. Although the Nominating and Corporate Governance Committee does not have a formal policy with regard to the consideration of diversity in identifying director nominees, it strives to nominate directors with a variety of complementary skills so that, as a group, the Board of Directors will possess the appropriate backgrounds, talent, perspectives, skills and expertise to oversee the Company's business. The Nominating and Corporate Governance Committee will consider director candidates recommended by stockholders, provided such recommendations are submitted in writing not later than the close of business on the 90<sup>th</sup> day, or earlier than the close of business on the 120<sup>th</sup> day, prior to the anniversary of the preceding year's annual meeting of the stockholders. Such recommendations should include the name and address and other pertinent information about the candidate as is required to be included in the Company's proxy statement. Recommendations should be submitted to the corporate secretary of the Company at K12 Inc., 2300 Corporate Park Drive, Herndon, VA 20171, Attention: General Counsel and Secretary. The Nominating and Corporate Governance Committee will consider the same criteria set forth above when evaluating director candidates recommended by stockholders.

#### *Board of Directors Leadership Structure*

Currently, our Board of Directors has determined that the roles of the Chairman of the Board of Directors and our Chief Executive Officer should be separate. The decision whether to combine or separate these positions depends on what our Board of Directors deems to be in the long term interest of stockholders in light of prevailing circumstances. Our Board of Directors believes the Company is well-served by this flexible leadership structure and that the combination or separation of these positions should continue to be considered on an ongoing basis.

#### *Risk Management*

Our Board of Directors believes full and open communication with management is essential for effective risk management and oversight. Members of our Board of Directors discuss strategy and risks facing the Company with our Chief Executive Officer and our senior management at meetings of our Board of Directors or when members of our Board of Directors deem necessary, but normally, at least semi-annually. Because our Chief Executive Officer is a member of our Board of Directors, our Chief Executive Officer attends all Board of Directors meetings and is available to address any questions or concerns raised by our Board of Directors on risk management and any related matters. Our Chief Executive Officer is also asked to contribute to the agenda for these meetings, so that each functional

division of the Company can identify risk-related topics that may require Board of Directors attention, such as political risk, information security and privacy and systems infrastructure. Each quarter, our Chief Executive Officer presents to our Board of Directors on strategic matters involving our operations and strategic initiatives and also discusses key strategies, challenges, risks, and opportunities for the Company.

Management is responsible for the day-to-day management of risks that the Company faces, while our Board of Directors, as a whole and through its committees, is responsible for the oversight of risk management. Beginning in fiscal year 2010, our Board of Directors instituted a more formalized process to assess enterprise-wide risk. That process began with a risk management review led by our management with the participation of outside advisors. Based on that review, we identified and prioritized enterprise-wide risks that in the judgment of our Board of Directors require ongoing monitoring and remediation. To meet that objective, our Board of Directors assigned these responsibilities to a management operating committee along with an obligation to make progress reports to the Board of Directors at least semi-annually. In fiscal year 2011, when we outsourced our internal audit functions to a major accounting firm, the risk assessment process conducted by the management operating committee was transferred to the internal audit department. This action allowed us to elevate the focus, expertise and attention devoted to risk management so as to make it more effective and continuous, and to enhance oversight transparency by the Audit Committee and Board of Directors.

In addition, our Board of Directors evaluates risks that may arise as the Company pursues new educational business, both domestically and internationally. In its risk oversight role, the Board of Directors monitors whether the risk management processes that management has designed and implemented are effective both as designed and as executed. While our Board of Directors is ultimately responsible for risk oversight, our three committees assist our Board of Directors in fulfilling these responsibilities in certain areas of risk. Our Audit Committee assists our Board of Directors in fulfilling its oversight responsibilities with respect to risk management in the areas of financial reporting and internal controls, and discusses with management the Company's policies with respect to those matters. This includes risk management reports prepared by our internal audit department and provided to our Audit Committee on a quarterly basis. Our Compensation Committee assists our Board of Directors in fulfilling its oversight responsibilities with respect to the management of risks arising from our compensation policies and programs. Finally, our Nominating and Corporate Governance Committee assists our Board of Directors in fulfilling its oversight responsibilities with respect to the management of risks associated with board organization, membership and structure, succession planning for our directors, and corporate governance.

#### *Risk Assessment in Compensation Programs*

Consistent with SEC disclosure requirements, we have previously assessed the Company's compensation programs and concluded that our compensation policies and practices do not create risks that are reasonably likely to have a material adverse effect on the Company. Our management assessed the Company's executive and broad-based compensation and benefits programs to determine if the programs' provisions and operations create undesired or unintentional risks of a material nature. This risk assessment process included a review of our compensation policies and practices; analyses to identify risk and risk control related to such policies and practices; and determinations as to the sufficiency of risk identification, the balance of potential risk to potential reward, risk control, and the support of the programs and their risks to Company strategy. In connection with the changes that the Compensation Committee has implemented to our executive compensation programs, generally and primarily our annual non-equity incentive program, as described in more detail below under "*Compensation Discussion and Analysis*," the Compensation Committee considered the potential risks associated with the revised structure of our non-equity incentive program and determined that the

revision to such program did not materially increase the potential risks associated with our executive compensation programs as a whole.

Based on the foregoing, we believe that our compensation policies and practices do not create inappropriate or unintended significant risk to the Company as a whole. We also believe that our incentive compensation arrangements provide incentives that do not encourage risk-taking beyond the Company's ability to effectively identify and manage significant risks; are compatible with effective internal controls and the risk management practices of our Company; and are supported by the oversight and administration of the Compensation Committee with regard to executive compensation programs.

### **Code of Business Conduct and Ethics**

We have adopted a Code of Business Conduct and Ethics that applies to all employees. The Code of Business Conduct and Ethics is available on our website at [www.K12.com](http://www.K12.com). We intend to satisfy the disclosure requirements under the Exchange Act regarding an amendment to, or waiver involving a director or officer from, our Code of Business Conduct and Ethics by posting such information on our website.

### **Stockholder Communications with the Board of Directors**

Stockholders and other interested parties may communicate directly with our Board of Directors, individually or as a group, by sending an email to our General Counsel at [OGC@K12.com](mailto:OGC@K12.com), or by mailing a letter to K12 Inc., 2300 Corporate Park Drive, Herndon, VA 20171, Attn: General Counsel and Secretary. Our General Counsel will monitor these communications and will provide summaries of all received communications to our Board of Directors at its regularly scheduled meetings. Where the nature of a communication warrants, our General Counsel may decide to seek the more immediate attention of the appropriate committee of the Board of Directors or a director, or our management or independent advisors and will determine whether any response is necessary.

### **Director Compensation for Fiscal Year 2012**

We have adopted a Directors Compensation Plan under which our non-employee directors receive an annual cash retainer, fees for attending Board of Directors and committee meetings and annual restricted stock awards. Mr. Packard, our Chief Executive Officer, receives no additional compensation for his service on our Board of Directors. Pursuant to the terms of the Directors Compensation Plan, the Chairman of the Board of Directors receives an annual cash retainer of \$100,000, the Chairman of the Audit and Compensation Committees each receive an annual cash retainer of \$60,000, and all other non-employee directors receive annual cash retainers of \$40,000. We previously granted stock options to our directors; however, in fiscal year 2010 we began granting our directors awards of restricted stock in lieu of stock options in order to more closely align the interests of our directors with those of our stockholders. Non-employee directors receive an annual restricted stock award valued at \$60,000 as of the grant date, with the shares underlying such awards vesting in equal annual installments over a period of three years. In addition, each committee chairman receives \$2,500 per Board of Directors meeting attended and \$1,500 per committee meeting attended, with the exception of the Chairman of the Board and the Chairman of the Audit Committee who each receive \$2,500 per Board of Directors

meeting attended and \$2,500 per committee meeting attended. The remaining non-employee members of the Board of Directors receive \$1,500 per Board of Directors or committee meeting attended.

## EXECUTIVE COMPENSATION

### Compensation Discussion and Analysis

This Compensation Discussion and Analysis provides information about our fiscal year 2012 compensation for the following individuals who served as our Chief Executive Officer, Chief Financial Officer and our next three most highly compensated executive officers as of June 30, 2012:

- Ronald J. Packard, Chief Executive Officer;
- Harry T. Hawks, Chief Financial Officer and Executive Vice President;
- Bruce J. Davis, Executive Vice President of Worldwide Business Development;
- George B. Hughes, Jr., Executive Vice President of School Services; and
- Celia M. Stokes, Chief Marketing Officer and Executive Vice President.

In August 2012, our Board of Directors determined that Messrs. Davis and Hughes and Ms. Stokes no longer met the technical definition of executive officers within the meaning of Item 401 of Regulation S-K due to a change in management reporting structure following the hiring of our President and Chief Operating Officer, Timothy L. Murray, in April 2012. Because these individuals were executive officers as of June 30, 2012, we have included such individuals as named executive officers in this Compensation Discussion and Analysis and the tables that follow. In addition, had Mr. Murray been employed with us throughout fiscal year 2012 he would have been one of our most highly compensated executive officers and we expect that he will be in the coming year. Accordingly, we have included his compensation information for fiscal year 2012 in this Compensation Discussion and Analysis and the tables that follow. We refer to Messrs. Packard, Hawks, Davis, Hughes and

Murray and Ms. Stokes as our “named executive officers” throughout this Compensation Discussion and Analysis.

We have organized this Compensation Discussion and Analysis into six parts:

Part I—Executive Summary

Part II—Pay for Performance

Part III—Overview of Compensation for Named Executive Officers

Part IV—Elements of Compensation for Named Executive Officers

Part V—Employment, Severance and Change in Control Arrangements

Part VI—Tax, Accounting and Other Considerations

## **Part I—Executive Summary**

### *Our Business*

We are a technology-based education company focused on delivering proprietary curriculum and educational services created for individualized learning to students primarily in kindergarten through twelfth grade. As an innovator in K-12 online education, we believe we have attained distinctive core competencies that allow us to meet the varied needs of online public schools, school districts, states, private schools and individual learners. These core competencies include our ability to create engaging curriculum, train teachers to be effective in online instruction, provide turn-key management services to online schools, customize online learning programs for school districts, develop innovative new offerings and assist legislators and policy makers in understanding the many benefits of online learning to complement and transform traditional schools. These strengths enable us to provide a unique set of products and services primarily to the following three lines of business that share many common attributes, including, curriculum, learning systems, management expertise, logistical systems and marketing: (i) “Managed Public Schools” (turn-key management services provided to public schools), (ii) “Institutional Business” (educational products and services provided to school districts, public schools and other educational institutions that we do not manage), and (iii) “International and Private Pay Business” (private schools for which we charge student tuition and make direct consumer sales).

### *Business Highlights of Fiscal Year 2012*

Our fiscal year 2012 performance was strong. Despite recessionary state education budget constraints, volatility in capital markets, and substantial investments made in our infrastructure to support future growth, we were able to deliver improved financial results and make significant progress on our business development strategies. Highlights of the 2012 fiscal year included:

- Revenue growth from \$522.4M to \$708.4M, an increase of 35.6%, resulting in a five-year revenue compound annual growth rate in the top 4.3% of the companies in the Russell 2000 Index;
- Operating income growth from \$24.2M to \$29.0M, an increase of 19.8%;
- EBITDA growth of 29.7%, resulting in a five-year EBITDA compounded annual growth rate in the top 3% of the companies in the Russell 2000 Index;
- Total annual average student enrollments in our fully managed public schools increased by 39.5% from 74,755 students to 104,289 students;
- Acquisition of certain assets of Kaplan Virtual Education, including Insight Schools;
- Opening new schools in Louisiana, Massachusetts and Tennessee and expanding enrollment caps in several states; and
- Launching pre-kindergarten programs in several early childhood learning centers.

### *Executive Compensation Highlights for Fiscal Year 2012*

In making compensation decisions for our named executive officers in fiscal year 2012, the Compensation Committee assessed pay and governance practices in our industry and sought to better align our executive compensation practices and levels with those of our peers and to more closely tie the total direct compensation of our named executive officers to the attainment of corporate-level and individual Performance Management Objectives. In addition, the Compensation Committee considered the results of the advisory “say-on-pay” vote at our most recent annual stockholders meeting, which approved by a significant majority the compensation of our named executive officers. Significant compensation decisions for named executive officers for the 2012 fiscal year included:

- Equity incentives for Mr. Packard were 100% performance based, consisting of a mix of restricted stock awards that were granted only as a result of the attainment of a compounded annual revenue growth rate target and stock options that will enable Mr. Packard to realize value only to the extent of any future appreciation in our share price;
- For our other named executive officers, we granted equity incentive awards in the form of restricted stock in lieu of stock options to more closely align their interests with value creation for our stockholders, provide better retention incentives, mitigate the potential for stockholder dilution and align our equity compensation practices with those of similarly situated companies;
- We closely tied our annual cash incentive awards to our named executive officers to pre-determined Performance Management Objectives consisting of corporate-level and individual performance goals to ensure that our NEOs were fairly and competitively compensated for their contributions to our performance during 2012 and to the creation of long-term shareholder value;
- We adopted a “double trigger” acceleration policy pursuant to which awards of restricted stock to our named executive officers’ (other than Mr. Packard) will generally vest in connection with a change in control only if the named executive officer is also terminated without cause; and
- We reviewed a Towers Watson comparison study prepared as of March 31, 2012 and decided to increase the 2012 base salaries for all of our named executive officers (other than Mr. Murray who joined the Company in April of 2012) in recognition of their strong and sustained performance through a multi-year period of economic turbulence and to bring them in line with our strong financial results based on a comparison of our named executive officers’ base salaries and our performance against the base salaries and performance of our peer group companies.

### **Part II—Pay for Performance**

The compensation program for our named executive officers is structured to foster our growth strategy and profitability and to closely tie our named executive officers’ compensation to our overall performance. The following are key features of our pay for performance philosophy:

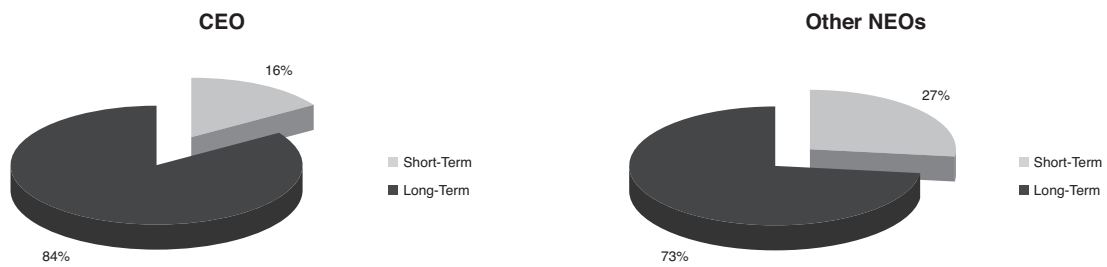

- All of the equity awards granted to Mr. Packard were performance-based, consisting of stock options and performance-based restricted stock;
- A substantial portion of total compensation for all of our named executive officers is in the form of equity-based awards under which the value actually realized by the executives is tied to our stock price performance;
- To more closely link pay to performance, in fiscal year 2012, the Compensation Committee adopted a financial performance matrix under which 65% of the target annual bonus for each named executive officer is determined, and with full achievement of individual objectives counting for 35% of the target annual bonus;

- As shown in the charts below, in fiscal year 2012, fixed base salary represented a small percentage of total compensation for our named executive officers compared to variable cash and equity-based incentive compensation;
- All elements of compensation for our named executive officers are overseen by our highly engaged and active Compensation Committee, which is composed entirely of independent directors;
- Our named executive officers are not provided with extensive perquisites and are instead eligible to participate in the same medical, dental, vision, disability and life insurance plans as our employees generally, with certain exceptions discussed in Part IV below;
- We do not offer any supplemental retirement plan contributions to named executive officers in excess of Company contributions generally made available to all our employees;
- None of our named executive officers are entitled to receive tax gross-ups on payments they could receive in connection with a change in control of our Company or otherwise; and
- Mr. Packard has meaningful personal assets invested in our common stock, which provides additional alignment with stockholder interests.

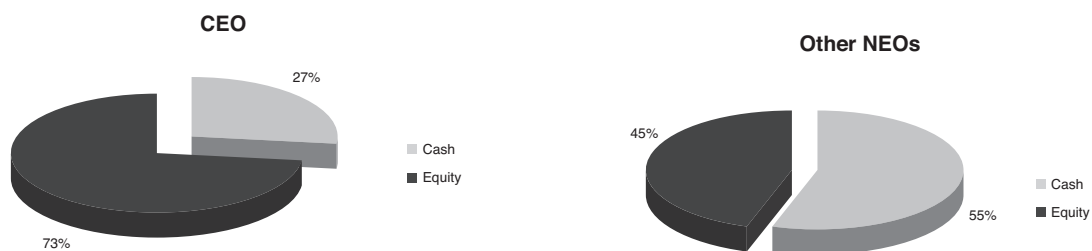

***Observations Regarding the Mix of Total Direct Compensation***

The charts below show each element of total direct compensation (based on fiscal year 2012 target levels) on a relative basis. It is noteworthy that in the aggregate, the target value of long-term incentives of our named executive officers as a group is more than twice than that given to short-term incentives. This is to incent the named executive officers to focus on long-term shareholder value rather than immediate financial reward. In addition, the Compensation Committee set the amount of variable or “at-risk” compensation for Mr. Packard at a level higher than the other named executive officers due to the responsibilities specific to his position and his ability to influence the entire Company’s performance.

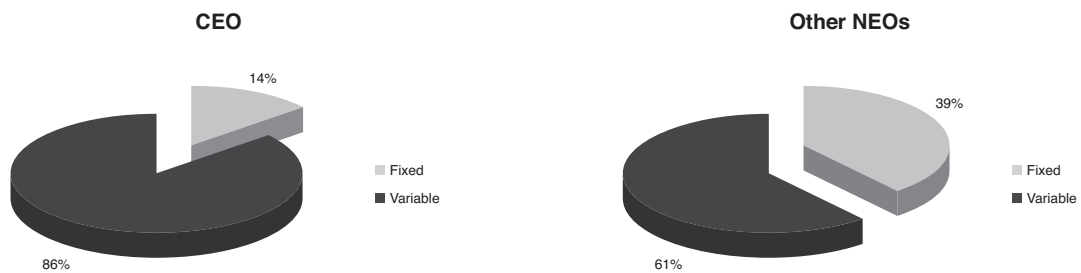

### Short-Term vs. Long-Term Incentive Pay Opportunity as a Percentage of Total Pay

### Cash (Base Salary + Target Annual Incentive) vs. Equity-Based Pay Opportunity as a Percentage of Total Pay

### Fixed Pay vs. Variable Pay Opportunity as a Percentage of Total Pay

#### **Defined Terms:**

*Short-Term*—Compensation based on performance of one year or less.

*Long-Term*—Compensation based on performance of greater than one year.

*Total Pay*—The sum of base salary, target annual incentive, and target long-term incentives.

*Cash*—Compensation paid in the form of cash (base salary and annual incentive).

*Equity*—Restricted stock awards or other equity awards. Equity awards are “at risk.”

*Target*—The percentage of base salary that is paid as a cash bonus upon the achievement of 100% of the named executive officer’s corporate and individual goals.

*Fixed Pay*—Base pay or salary.

*Variable Pay*—Compensation that can vary based on Company or individual performance. Variable pay is “at risk.”

### Part III—Overview of Compensation for Named Executive Officers

#### *Objectives and Philosophy of Executive Compensation*

The Compensation Committee administers our executive compensation programs and advises the Board of Directors with respect to the policies that govern our compensation and benefit programs. Our executive compensation program is designed primarily to achieve the objectives set forth below:

<u>Objective</u>	<u>Corresponding Design Element</u>
Attract and retain individuals of superior ability and managerial talent	<ul style="list-style-type: none"><li>• Compensation programs are designed to be competitive relative to the market and among companies with whom we compete for managerial talent</li><li>• Market compensation practices and levels are reviewed by our Compensation Committee and, with the advice of an independent compensation consultant, establishes competitive compensation packages for our named executive officers</li><li>• Flexibility is maintained to tailor compensation packages in order to attract and retain key individuals whom we believe warrant particular consideration</li></ul>
Promote our business and growth strategies	<ul style="list-style-type: none"><li>• Annual performance-based incentive bonuses are tied to the achievement of individual management objectives designed to advance our short-term strategic business objectives</li><li>• Long-term equity incentive awards are tied to the creation of value for our stockholders</li></ul>
Tie our executive officers' pay to our performance	<ul style="list-style-type: none"><li>• A significant percentage of overall compensation of named executive officers is delivered in the form of equity, which aligns their interests with those of our stockholders and creates incentives for long-term performance</li><li>• Total compensation is based largely on the attainment of pre-established financial goals under our annual cash and equity incentive programs</li><li>• Pay-for-performance assessments prepared by our independent compensation consultant are reviewed by our Compensation Committee to ensure our named executive officers' compensation is appropriately tied to our overall performance</li></ul>
Encourage the maximization of stockholder value and align our executive officers' compensation with stockholders' interests	<ul style="list-style-type: none"><li>• Long-term equity incentive awards tie substantial portions of our executive officers' total potential compensation to the performance of our stock price</li><li>• Long-term stock ownership by executives provides ongoing incentives to strengthen and grow our Company</li></ul>

To achieve the foregoing objectives, the Compensation Committee has implemented and maintains compensation plans that directly tie a substantial portion of each executive's overall compensation to the achievement of key strategic, financial and operational goals, such as our annual revenue and

EBITDA. The Compensation Committee also evaluates individual executive performance with the goal of setting compensation at levels that are comparable with executives in other public companies that are similar to us in terms of size, stage of development and geographic coverage, and that operate in the major education and high-technology industries, while also taking into account our performance relative to such companies and our strategic goals.

#### *Determination of Compensation*

The Compensation Committee has the authority to determine the compensation of our named executive officers, other than with respect to Mr. Packard, for whom it makes recommendations to the Board of Directors for approval. We have historically set base salaries and annual incentive targets considering both individual performance and the scope of individual responsibilities. Base salaries and annual incentive targets for the named executive officers were first set during the hiring process. Base salaries are generally reviewed annually by the Compensation Committee and appropriately adjusted to reflect individual performance, promotions, changes in the span or scope of responsibilities, and competitive pay practices and levels, with the purpose of rewarding the executives for superior performance and ensuring accountability for underperformance. To aid the Compensation Committee in making these determinations, Mr. Packard provides recommendations annually to the Compensation Committee regarding the base salaries, annual incentive targets and long-term equity award opportunities of all executive officers, excluding himself. These recommendations are based primarily on whether the Company objectives and the named executive officers' individual Performance Management Objectives are achieved. In fiscal year 2012, Mr. Packard provided continuous feedback to each named executive officer regarding his or her individual Performance Management Objectives.

For fiscal year 2012, as in prior years, our executive compensation package consisted of a fixed base salary and variable annual cash incentives and long-term equity incentive awards, with a significant portion weighted towards the variable performance-based components to ensure that total compensation reflects our overall success or failure and to motivate executive officers to achieve their individual performance goals, seeking to maximize total return to stockholders.

#### *Use of Compensation Consultants and Compensation Benchmarking*

The Compensation Committee has retained Towers Watson as an independent compensation consultant to provide advice with respect to our executive compensation program and during fiscal year 2011, commissioned a pay for performance assessment from Towers Watson to assist the Compensation Committee in designing our executive compensation programs for fiscal year 2012 and determining overall pay levels for our named executive officers. The Towers Watson study focused on the three year total shareholder return and composite performance (i.e., operational and shareholder performance combined) of fifteen of our then-current peer group companies and the comparability of our executive compensation programs to those peer group companies. The results of that study, which was completed in the latter part of fiscal year 2011, verified our strong financial and operational performance in recent periods—our total shareholder return over the trailing twelve month period to the date of the study was at the 97<sup>th</sup> percentile of our peer group and composite performance was at the 80<sup>th</sup> percentile of the peer group for the trailing thirty-six month period. Upon review of the study, the Compensation Committee determined that to reward our named executive officers for their strong historical performance, as reflected in the study, and to provide incentives to continue to outperform our peers, we generally set our pay opportunities at the 50<sup>th</sup> percentile of our peer group with realizable pay that could exceed that amount based on actual performance. Accordingly, the Compensation Committee determined to implement structural revisions to our annual cash incentive program to provide all of our named executive officers with the opportunity to earn cash bonuses above target levels in the event that certain stretch goals are achieved for the applicable fiscal year and to provide base salary increases for our named executive officers, in each case as discussed more fully in the discussion that follows. In

addition, Towers Watson advised us on certain aspects of the employment agreement that we entered into with Mr. Murray in fiscal year 2012 and in the implementation of our equity incentive award programs for fiscal year 2012.

*Peer Group*

An important component of setting and structuring compensation for our named executive officers is comparing the compensation packages offered by leading education and high-technology companies to ensure that we offer competitive compensation within that group of companies. The Compensation Committee believes that it is important to periodically reevaluate and modify our peer group to better assess our competitiveness among companies of similar size, industry and technology profiles. During fiscal year 2012, no changes were made to the peer group of publicly-traded companies. However, at the beginning of our fiscal year 2013, with the assistance of Towers Watson, we adjusted our peer group to remove certain companies we had included previously that were taken private or were no longer of comparable size and to add certain companies that Towers Watson identified as including us within their peer groups. The current peer group of companies is as follows:

- Blackbaud, Inc.
- Bridgepoint Education, Inc.
- Capella Education Company
- Corinthian Colleges Inc.
- Corporate Executive Board Company, Inc.
- Cree, Inc.
- DeVry Inc.
- Education Management Corporation
- EZCORP, Inc.
- Grand Canyon Education, Inc.
- IGATE Corporation
- ITT Educational Services Inc.
- Strayer Education, Inc.
- Universal Technical Institute, Inc.

## Part IV—Elements of Compensation for Named Executive Officers

### *Base Salary*

Base salaries for our named executive officers are generally determined by the scope of their responsibilities, taking into account competitive market compensation paid by our peer group to similarly situated executives and the cost of living. Except for Mr. Packard, for the first time since fiscal year 2009, the Compensation Committee increased the base salaries of each of our named executive officers. In order to align our named executive officers' salaries with the base salaries of similarly-situated executives of our peer group companies, Messrs. Packard, Hawks, Davis and Hughes and Ms. Stokes received base salary increases of 8.7%, 8.0%, 4.9%, 9.9% and 10.2%, respectively, effective August 1, 2011, except for Mr. Packard's, which became effective August 15, 2011. Mr. Murray's base salary was established when he joined the Company in April 2012. In determining to increase Mr. Packard's base salary, the Compensation Committee reviewed a Towers Watson study assessing the Company's and each of its sixteen peer group companies' total shareholder return over a three-year period. The study found that the Company generally performed at the top range with respect to its peer companies, while Mr. Packard's base salary was near the median of such companies.

The base salaries for our named executive officers in fiscal year 2012, both prior to and after the August 2011 increases, are set forth in the table below:

<u>Name</u>	<u>Base Salary (Pre-Increase) (\$)</u>	<u>Base Salary (Post-Increase) (\$)</u>

### *Annual Performance Bonus*

We maintain an annual cash bonus program, or the Executive Bonus Plan, which is intended to reward executive officers based on our Company's overall performance and the individual named executive officer's contributions to that performance through their achievement of pre-established performance goals. In determining the annual bonuses for our named executive officers, we utilize a system of Performance Management Objectives consisting of objective financial metrics as well as individual performance goals. We believe that the Executive Bonus Plan provides incentives that are necessary to retain executives and reward them for our short-term performance in the pursuit of our larger business objectives and is designed to provide for a substantial portion of our cash compensation for named executive officers to be variable based upon Company and individual performance. For fiscal year 2012, each of Messrs. Davis' and Hughes' and Ms. Stokes' target bonus was 40% of base salary, Mr. Hawks' target bonus was 50% of base salary, and Mr. Murray's target bonus was 60% of base salary. The target bonus for Mr. Packard for fiscal year 2012 was 100% of base salary.

The Executive Bonus Plan for our named executive officers in fiscal year 2012 consisted of two Performance Management Objective categories: (i) a corporate-level financial performance element; and (ii) an individual performance element. The Compensation Committee chose these elements and their relative weightings to align the total cash compensation opportunity of our named executive officers with the achievement of particular performance objectives that create long-term stockholder value. In fiscal year 2012, the Compensation Committee adopted a financial performance matrix under which the corporate-level financial performance goals were determined in order to permit the named executive officers to earn up to 150% of the corporate-level component of their target bonuses (or 200% with respect to Mr. Packard) upon the achievement of certain "stretch" revenue and EBITDA goals. Under this matrix, no bonus would be awarded to our named executive officers unless the

Company achieved revenue and EBITDA of at least \$640 million and \$80 million, respectively. Target level bonuses would be awarded under the matrix if our revenue and EBITDA targets of \$680 million and \$90 million, respectively, were achieved. A maximum bonus could be awarded under the matrix if we achieved our “stretch” revenue and EBITDA targets of \$740 million and \$115 million, respectively. Accordingly, each named executive officer would be entitled to receive (i) 50% of the corporate-level component of his or her target bonus (or 32.5% of his or her total target bonus) upon achieving our minimum revenue and EBITDA thresholds, (ii) 100% of the corporate-level component of his or her target bonus (or 65% of his or her total target bonus) upon achieving our target revenue and EBITDA targets, and (iii) 150% (or 200% with respect to Mr. Packard) of the corporate-level component of his or her target bonus upon achieving our stretch revenue and EBITDA goals. The matrix provided for payouts in between those levels to be interpolated based upon relative EBITDA and revenue performance weighting.

We also established individual Performance Management Objectives for the fiscal year 2012 Executive Bonus Plan, which comprised 35% of each executive officer’s annual bonus opportunity, that were intended to align the named executive officers’ incentives with the Company’s development and performance strategies. The Compensation Committee retained discretion to pay additional cash bonuses to our named executive officers for exceptional individual performance during 2012. Each named executive officer’s individual Performance Management Objectives for fiscal year 2012 are described below:

- Mr. Packard’s individual goals included the following: (i) achieving certain revenue growth of at least 20% in the institutional and private schools businesses, (ii) opening a fully-managed school in at least one new state, (iii) increasing total virtual academy student enrollments by 18% or more, and (iv) identifying and hiring a President or Chief Operating Officer and at least one senior or executive vice president (or higher-level management executive) by June 30, 2012.
- Mr. Hawks’ individual goals included the following: (i) contributing to our achievement of our fiscal year 2012 revenue and EBITDA targets, (ii) providing monthly profits and loss statements to our management team, (iii) preparing for acquisitions and ensuring the smooth integration of newly acquired businesses, (iv) hiring skilled and knowledgeable members of the Finance Department support staff, and (v) improving our financial processes and efficiency.
- Mr. Hughes’ individual goals included the following: (i) improving our retention and reenrollment rates by at least 100 basis points, (ii) renewal of virtual school contracts, (iii) improving academic performance in fully-managed schools, and (iv) contributing to the achievement of our fiscal year 2012 revenue and profitability goals.
- Mr. Davis’ individual goals included the following: (i) growing our private schools businesses by more than 30%, (ii) improving the profitability of, and strengthening the employee base of, the business unit overseen by him, (iii) contributing to the achievement of our fiscal year 2012 revenue and EBITDA targets, (iv) preparing for acquisitions and ensuring that our acquisitions are cost-efficient, and (v) managing our investment in a Chinese company, Web International English.
- Ms. Stokes’ individual goals included the following: (i) contributing to the our achievement of our fiscal year 2012 revenue targets, (ii) lowering the overall cost of customer acquisitions, (iii) growing our revenue by at least 30% by fall 2012, (iv) improving mid-year enrollment in virtual schools, (v) further developing and optimizing our enrollment center operations and tactical spending, (vi) serving the needs of our institutional and private school business units, (vii) utilizing our customer relations management system in a timely and cost efficient manner, and (viii) improving our retention and reenrollment rates.

When determining the fiscal year 2012 Executive Bonus Plan awards for named executive officers, we first examined the levels of achievement attained with respect to both the individual and corporate-level performance goals and applied the relative weightings described above. Our revenue for fiscal year 2012 grew by 35.6% from \$522.4 million to \$708.4 million, well exceeding the revenue target of \$680 million established for the Executive Bonus Plan. EBITDA for fiscal year 2012 of \$87 million, however, was below the target of \$90 million, reflecting expenses primarily associated with transaction and integration costs related to the acquisitions we undertook in fiscal year 2012 and implementation of our enterprise resource planning system. Consequently, pursuant to our financial performance matrix, we determined that Mr. Packard achieved 90% of the corporate level goals and the other named executive officers achieved 86% of the corporate-level performance goals. The attainment level for Mr. Packard was slightly higher than our other named executive officers because the financial performance matrix was tailored to weight financial performance more heavily than for the named executive officers, who were subject to a separate financial performance matrix.

For individual Performance Management Objectives, we evaluated each named executive officer's actual performance and then weighted those levels of outcomes against their individual goals. In particular, we reviewed the performance of the named executive officers who have profit and loss responsibility and increased or decreased their awards depending on whether they had achieved the internal goals for their respective businesses.

The Compensation Committee determined that Mr. Packard had achieved each of his individual Performance Management Objectives based on the following achievements in fiscal year 2012: (i) the Company's revenue grew by more than 20%, (ii) the Company opened schools in Iowa and New Mexico, (iii) average enrollments in online public schools grew by more than 20%, and (iv) Mr. Packard achieved his management-level hiring goals by hiring Mr. Murray and at least one other senior vice president. Based upon the recommendations of Messrs. Packard and Murray (other than with respect to his own annual bonus), the Compensation Committee determined that each of the named executive officers satisfied a certain percentage of their individual Performance Management Objectives and approved the final bonus awards for fiscal year 2012. Mr. Murray was awarded \$75,000 as a pro-rata portion of his annual bonus for one full quarter based on (i) increasing operational efficiency of our enterprise risk management system, (ii) leading the effort to redirect development of a next generation learning management system at a lower cost, (iii) establishing processes to improve decision-making speed, accountability and profitability, and (iv) improving our annual budget development process. Mr. Hawks achieved his key individual performance objectives including: (i) support for achieving the Company's revenue and EBITDA goals, and (ii) building a finance department staff with the experience and expertise to enable future expansion and compliance with public company obligations. Mr. Hughes achieved his individual objectives by: (i) increasing reenrollment percentages in fully-managed public schools, (ii) improving high school retention, (iii) renewing service agreements with virtual public schools and creating alternative at-risk programs at such schools to replace non-renewals, and (iv) successfully piloting the National Math Lab program based on initial test score results. Ms. Stokes achieved her individual objectives by: (i) reducing total marketing cost per approved enrollment, (ii) optimizing performance of the enrollment center by instituting new training, adding quality control processes and measures, assuming responsibility for additional states and high school placements in the headquarters operation, (iii) delivering a customer relations management system on time and within budget, and (iii) growing public school enrollments. Mr. Davis substantially achieved his individual objectives by: (i) increasing the private school business revenues, (ii) improving profitability of the private school business, and (iii) progressing the Web International English transaction. In addition, the Compensation Committee determined to pay discretionary cash bonuses in excess of 35% of target individual Performance Management Objective bonus amounts to each of Messrs. Murray and Hughes and Ms. Stokes, in light of their exceptional individual performance during 2012.

The following chart sets forth the actual Company objectives and individual Performance Management Objectives achieved under our non-equity incentive compensation program and the percentage of each named executive officer's target bonuses earned during the year ended June 30, 2012:

<u>Executive</u>	<u>EBITDA/ Revenue Combined) (% of Target Goal) (65% Weight)</u>	<u>Individual Performance Management Objectives (% of Target Goal) (35% Weight)</u>	<u>Actual Bonus (% of Target Bonus Paid)</u>	<u>Target Bonus (% of Base Salary)</u>	<u>Base Salary (\$)</u>	<u>Amount of Bonus (\$)</u>
Ronald J. Packard . . . . .	90%	100%	93.5%	100%	625,000	584,375

The amounts above 100% in the “Individual Performance Management Objectives” column above reflect an additional discretionary bonus that Mr. Packard and the Compensation Committee determined to pay to certain of our executive officers as a result of their exceptional individual performance during 2012.

The annual bonuses that were actually paid to our named executive officers for fiscal year 2012 are in the amounts set forth in the Nonequity Incentive Plan Compensation column of the “Summary Compensation Table for Fiscal Year 2012” below, while the discretionary cash bonuses attributable to exceptional individual performance in 2012 that were actually paid to our named executive officers for fiscal year 2012 are set forth in the Bonus column of the “Summary Compensation Table for Fiscal Year 2012” below.

#### *Equity Awards*

We believe that providing long-term equity awards promotes our goal of aligning executive compensation with the long-term interests of our stockholders in building the value of our Company. During fiscal year 2012, we granted restricted stock awards under our 2007 Equity Incentive Award Plan to certain of our employees, including our named executive officers, and stock options to Messrs. Packard and Murray, as described in more detail below.

#### *Stock Options*

For fiscal years 2011 and 2012, the Compensation Committee determined not to award stock options to most of our named executive officers, in favor of restricted stock awards as described in more detail below. However, in fiscal year 2012, in view of Mr. Packard's unique leadership role with our Company, we desired to incentivize Mr. Packard to more closely tie Mr. Packard's equity incentive compensation with our success and to bring his equity compensation in line with chief executive officer equity grants in our peer group companies. To accomplish the foregoing objectives, we determined to grant a stock option with a Black-Scholes value of \$1.5 million to Mr. Packard. This amount, which is reflected in Mr. Packard's total compensation in the “Summary Compensation Table for Fiscal Year 2012” below, does not represent the actual amount of compensation Mr. Packard may receive in connection with this option award. Because the option grant is intended to tie Mr. Packard's compensation to the creation of shareholder value over time, he will realize the value of the grant only to the extent our share price appreciates and benefits our shareholders. Mr. Packard's stock option is subject to a dual vesting schedule with approximately 50% of his option subject to a four-year time-based vesting schedule commencing upon the grant date and approximately 50% of his option

beginning to vest only upon the successful achievement of a pre-established human capital hiring objective, and continuing to vest thereafter in accordance with a four-year time-based vesting schedule. This dual time-based and performance-based vesting schedule takes into consideration Mr. Packard's duties as our Chief Executive Officer and steward of achieving our Company's corporate goals and was designed to incentivize Mr. Packard to further develop our executive management team with the ultimate goal of driving strong profitability for, as well as continued growth of, our Company. In early fiscal year 2012, Mr. Packard satisfied the human capital performance vesting conditions with respect to 64,655 shares of Common Stock underlying his 2012 stock option.

In addition, in connection with Mr. Murray's commencement of employment with us in April 2012, pursuant to his employment agreement, we granted Mr. Murray a stock option covering 150,000 shares of our Common Stock, vesting 25% on the first anniversary of the grant date and in equal quarterly installments over a three-year period thereafter, subject to his continued employment with us through the applicable vesting date.

#### *Restricted Stock Awards*

##### *Chief Executive Officer*

Under the terms of his amended and restated employment agreement, Mr. Packard is eligible to receive annual restricted stock awards having a value between \$0 and \$1.25 million for each of fiscal years 2011, 2012 and 2013, based on the achievement of certain pre-determined performance objectives established by the Compensation Committee with respect to each fiscal year. Mr. Packard's employment agreement provides that once granted, the restricted shares will vest over three years, but will only be granted if the applicable performance targets are achieved. The Compensation Committee determined that the performance objectives applicable to Mr. Packard's potential restricted stock awards would be the achievement of 8% compounded revenue growth over three years and, with respect to the restricted stock award for fiscal year 2012, fiscal year 2012 revenue equal to or greater than our fiscal year 2011 revenue. In August 2012, based on cumulative revenue growth and our overall revenue achievement during fiscal year 2012, the Compensation Committee awarded Mr. Packard 58,302 shares of restricted stock, valued at \$1.25 million based upon the fair market value of our Common Stock on the date of grant. These shares vest over three years in equal quarterly installments.

##### *Other Named Executive Officers*

In fiscal year 2012, we provided all of our named executive officers with long-term equity incentive compensation in the form of restricted stock awards. Our Compensation Committee believes that the use of restricted stock (as opposed to stock options) as the primary form of equity compensation for our named executive officers more closely aligns the interests of these executives with those of our stockholders, provides better retention incentives, results in less dilution to our stockholders and is more in line with the equity compensation practices of similarly-situated companies, including the companies in our peer group. In August 2011, we granted time-based restricted stock awards to our named executive officers (other than Mr. Packard) in the following amounts: Mr. Davis received 13,000 shares of restricted stock, and Messrs. Hawks and Hughes and Ms. Stokes each received 16,000 shares of restricted stock. Mr. Murray, who did not join us until April 2012, received 50,000 shares of restricted stock in April 2012 and 10,000 shares of restricted stock in August 2012, in each case, pursuant to his employment agreement. The shares of restricted stock granted to our named executive officers vest semi-annually over a three-year period, with 20% vesting in the first year and 40% vesting in each of the next two years following the grant date. The Compensation Committee determined that the size of each restricted stock award was appropriate to encourage retention among our named executive officers and to ensure the stability and consistency of our management team.

The equity awards granted to each of our named executive officers during fiscal year 2012 are set forth below in the “Grants of Plan-Based Awards” table. Each equity award is subject to accelerated vesting in certain circumstances, as described below under the heading “*Potential Payments Upon Termination or Change in Control.*”

#### *Deferred Compensation Plan*

We maintain a non-qualified deferred compensation plan, or the Deferred Compensation Plan, for members of our management team, including our named executive officers. Under the Deferred Compensation Plan, our named executive officers are eligible to elect to defer the receipt of up to 50% of their annual salary and up to 100% of any annual incentive bonus until retirement. Earnings are credited on deferred amounts based upon a variety of investment options that may be elected by each participant. The Company does not make any contributions to the Plan. Certain information with respect to amounts deferred by our named executive officers under this plan are set forth below in the Nonqualified Deferred Compensation Table.

#### *Defined Contribution Plan*

We maintain a Section 401(k) Savings/Retirement Plan, or the 401(k) Plan, in which certain of our employees, including our named executive officers, are eligible to participate. All employees, including our named executive officers, are automatically enrolled in the 401(k) plan at a 3% deferral rate with the ability to opt-out. The 401(k) Plan allows participants to defer a portion of their annual compensation, subject to certain limitations imposed by the Internal Revenue Code. We currently provide matching contributions equal to \$0.25 for each dollar of a participant’s contributions, up to a maximum of 4% of the participant’s annual salary, subject to certain statutory limits.

#### *Employee Benefits and Perquisites*

We provide our named executive officers with certain personal benefits and perquisites, which we do not consider to be a significant component of executive compensation but recognize to be an important factor in attracting and retaining talented executives. Named executive officers participate in the same medical, dental, vision, disability and life insurance plans as our employees generally. We also pay for supplemental long-term disability and life insurance premiums for our executive officers and provide our executive officers with the opportunity to receive annual Company-paid executive physical examinations. We provide these supplemental benefits to our executive officers due to the relatively low cost of such benefits and the perceived value they provide in assisting us in attracting and retaining talented executives. We reimburse certain executives for their relocation expenses from time to time and for temporary housing expenses they may incur in connection with their provision of services to us. We provide such reimbursements to our executives because such expenses are typically directly associated with and would not have been incurred but for their commencement or continued provision of services to us. Mr. Davis received reimbursements for temporary housing expenses incurred in fiscal year 2011, while Messrs. Hawks, Hughes and Murray received lodging and commuting allowances in fiscal year 2012. None of our executive officers receive tax gross ups in connection with our provision of any perquisites or personal benefits. The value of personal benefits and perquisites we provide to each of our named executive officers is set forth below in our “Summary Compensation Table for Fiscal Year 2012.”

### **Part V—Employment, Severance and Change in Control Arrangements**

We consider severance to be an integral part of the overall compensation package. We provide severance to the executives in order to attract and retain individuals with superior ability and managerial talent, provide our executives with appropriate protections in light of their vulnerability to

terminations of employment, and encourage our executives to focus their attention on their work duties and responsibilities in all situations.

We currently have employment agreements in place with each of our named executive officers that provide for severance payments and benefits upon certain terminations of employment. Mr. Packard is a party to an amended and restated employment agreement with us that entitles him to receive severance payments equal to three times his base salary if he is terminated without cause, due to the Company's non-extension of the term of the agreement or due to a constructive termination. Our other named executive officers have employment agreements with us that provide for employment on an "at will" basis and provide for severance payments ranging from 180 days' base salary to 12 months' base salary (plus benefit continuation in certain cases) upon a termination of employment without cause or for good reason. These agreements were generally negotiated at hire and the potential severance payments were determined considering the executive's level of experience and perceived marketability and the desired length of any post-employment restrictive covenants.

The named executive officers are generally not entitled to receive cash payments solely as a result of a change in control of the Company, including a sale of all or substantially all of the Company's assets, certain mergers or consolidations and certain sales of our outstanding stock, all of which we refer to collectively as a change in control. Unvested stock options and restricted stock awards are treated differently following a change in control to take into account their respective purposes of value creation and retention, and in light of our executives' heightened vulnerability to terminations of employment in the change in control context. All of our named executive officers' unvested stock options will become fully vested and exercisable under the terms of the applicable stock option agreements upon a change in control. In early fiscal year 2012, we adopted a policy pursuant to which all restricted stock awards held by our named executive officers other than Mr. Packard would be subject to "double trigger" acceleration upon a change in control. Under this policy, restricted stock awards will vest in full only if the named executive officer is terminated without cause in connection with the change in control. For this purpose, a termination without cause includes a "constructive termination", which generally involves any material diminution in the named executive officer's base salary, bonus potential, job title or responsibilities, as well as a relocation of the named executive officer's principal place of business outside of a 40-mile radius. As provided in Mr. Packard's employment agreement, all of the outstanding restricted stock and stock options held by Mr. Packard will become fully vested as of immediately prior to a change in control. With respect to Mr. Murray, 25% of the shares subject to the stock options and restricted stock awards granted to Mr. Murray in fiscal year 2012 in connection with his employment by us will automatically accelerate and vest upon a termination of employment without cause or for good reason within one year of the applicable grant date, and (iii) notwithstanding the foregoing, the restricted stock award granted to Mr. Murray in 2012 in connection with his employment by us will vest in full upon a termination of his employment without cause or for good reason immediately prior to or following a change in control.

We believe that providing the named executive officers with severance payments upon certain terminations of employment, accelerated vesting of stock options upon a change in control, and accelerated vesting of restricted stock awards upon a termination without cause in connection with a change in control are key retention tools that assist us with remaining competitive with the companies in our peer group, provide our executive officers with incentives to focus on the best interests of our shareholders in the context of a potential change in control, and appropriately protect our executive officers in the event of an involuntary termination of employment without creating a windfall due solely to the change in control. The severance and change in control benefits that Mr. Packard and other named executive officers are entitled to receive are described in more detail below under the heading entitled "Potential Payments Upon Termination or Change in Control."

## **Part VI—Tax, Accounting and Other Considerations**

### *Deductibility of Executive Compensation*

We review and evaluate the tax treatment of our executive compensation programs at the time they are adopted and as tax rules and regulations change. In order to preserve flexibility in the design and implementation of our compensation program, we have not adopted a formal policy that requires all compensation to be tax deductible for purposes of Internal Revenue Code Section 162(m), which limits the deductibility of certain compensation paid to our executive officers. However, to the greatest extent possible, it is our intent to structure our compensation programs in a tax efficient manner.

### *Accounting for Stock-Based Compensation*

ASC Topic 718, *Compensation—Stock Compensation*, requires us to recognize an expense for the fair value of equity-based compensation awards. Grants of equity-based awards under our equity incentive award plans are accounted for under ASC Topic 718. We consider the accounting implications of significant compensation decisions, especially in connection with decisions that relate to our equity incentive award plans and programs. As accounting standards change, we may revise certain programs to appropriately align accounting expenses of our equity awards with our overall executive compensation philosophy and objectives.

### *Clawback Policy*

We are currently considering the implementation of a compensation clawback policy applicable to executive officers pending completion of the Securities and Exchange Commission's related rulemaking initiatives.

### *Stock Ownership Guidelines*

As Mr. Packard is one of our largest individual stockholders, our Board of Directors has historically viewed Mr. Packard's stock ownership level in us as very closely aligning his interests with those of our stockholders generally. We are planning to consider the adoption of stock ownership guidelines for our executive officers to ensure the appropriate alignment of the interests of our other executive officers with those of our stockholders. These guidelines will also apply to Mr. Packard, who we expect will satisfy such guidelines based upon his current stock holdings in us.

### Summary Compensation Table for Fiscal Year 2012

The following table provides information regarding the compensation that we paid to our named executive officers for services rendered during fiscal years 2012, 2011 and 2010, with the exception of Mr. Murray, whose compensation is shown only for fiscal year 2012 because he was not employed by us in 2011 or 2010.

### ***Employment Agreements***

#### ***Summary of Employment Agreement with Ronald J. Packard***

Effective as of September 27, 2010, we entered into an amended and restated employment agreement with Mr. Packard. This amended and restated agreement extends the term of Mr. Packard's employment until September 30, 2014 (subject to the possibility of annual extensions thereafter), and provides for: (i) an initial annual base salary of \$575,000 subject to annual review; (ii) an annual cash bonus targeted at 100% of his base salary but not to exceed 200% of his base salary; (iii) a grant of 145,530 shares of restricted stock, half of which immediately vested upon grant and half which vest in 12 equal quarterly installments commencing on September 30, 2011, subject to Mr. Packard's continued employment with us on each applicable vesting date; (iv) the opportunity, based on achievement of certain performance goals established by the Board of Directors, to receive additional grants of restricted stock subject to time-based vesting conditions in each of 2011, 2012 and 2013; (v) full vesting of all outstanding stock options and restricted stock awards upon a change in control of the Company; and (vi) severance upon a termination of Mr. Packard's employment without cause or due to a "constructive termination" (generally, a material reduction in Mr. Packard's duties, responsibilities or title) in an amount equal to three times Mr. Packard's base salary, 50% of which would be payable in a lump sum and 50% of which would be payable in installments over an 18-month period, and the extension of the exercise date for Mr. Packard's outstanding vested stock options until the earlier of 180 days following such termination or the expiration of the option term. Upon termination of Mr. Packard's employment due to his death, his estate will receive salary continuation payments for 180 days following his death plus a pro rata portion of his annual performance bonus for the year of termination based upon the date on which such termination occurs. The amended and restated agreement also provides that Mr. Packard is subject to restrictive covenants during the term of the agreement and for certain periods following termination of employment, including confidentiality restrictive covenants during the term and for three years following termination, intellectual property restrictive covenants during the term, and nonsolicitation and noncompetition restrictive covenants while Mr. Packard is employed by us and during the 18-month period following termination. Early in fiscal year 2013, the Compensation Committee reviewed Mr. Packard's annual salary based on his fiscal year 2012 performance and in relation to the salaries of chief executive officers in the Company's peer group. As a result, the Compensation Committee recommended, and the Board of Directors subsequently approved, an increase in Mr. Packard's base salary to \$675,000, effective August 15, 2012.

In addition, (a) 25% of the shares subject to the stock options and restricted stock awards granted to Mr. Murray in fiscal year 2012 will vest upon a termination of his employment without cause or for good reason within one year of the applicable grant date, and (b) the restricted stock award granted to Mr. Murray in 2012 will vest in full upon a termination of his employment

without cause or for good reason immediately prior to or following a change in control of the Company. The agreement also provides that Mr. Murray will be subject to the terms of our Confidentiality, Proprietary Rights and Non-Solicitation Agreement which generally prohibits the unauthorized disclosure of our confidential information during and after the period of employment, ensures our right of ownership of any intellectual property developed during the period of employment, prohibits the solicitation of employees during employment and for one year following termination of employment and requires that any disputes regarding employment or termination of employment be subject to binding arbitration.

The Board of Directors or Audit Committee, as applicable, will then, in its sole discretion, either approve or disapprove the transaction.

Certain types of transactions, which would otherwise require individual review, have been pre-approved by the Audit Committee. These types of transactions include, for example: (i) compensation to an officer or director where such compensation is required to be disclosed in our proxy statement; (ii) transactions where the interest of the related party arises only by way of a directorship or minority stake in another organization that is a party to the transaction; and (iii) transactions involving competitive bids or fixed rates. Additionally, pursuant to the terms of our related-party transaction policy, all related-party transactions are required to be disclosed in our applicable filings as required by the Securities Act of 1933 and the Exchange Act and related rules. Furthermore, any material related-party transactions are required to be disclosed to the full Board of Directors. In connection with becoming a public company, we established internal policies relating to disclosure controls and procedures, which include policies relating to the reporting of related-party transactions that must be pre-approved under our related-party transactions policy.

#### ***Employment Agreements***

We have entered into employment agreements with certain of our executive officers. For more information regarding these agreements, see "Compensation Discussion and Analysis—Employment Agreements."

#### **Compensation Committee Interlocks and Insider Participation**

In fiscal year 2012, there were no interlocking relationships existing between members of our Board of Directors and our Compensation Committee and members of the Board of Directors or the compensation committee of any other company.

## **SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE**

Section 16 of the Exchange Act requires directors and executive officers and persons, if any, owning more than 10% of a class of the Company's equity securities to file with the SEC initial reports of ownership and reports of changes in ownership of the Company's equity and equity derivative securities. Based solely upon a review of the copies of such reports and written representations from reporting persons, we believe that all Section 16(a) filing requirements applicable to our officers, directors and greater than 10% stockholders were complied with on a timely basis for fiscal year 2012, except for a Form 4 for Ms. Stokes that was filed late on October 28, 2011 due to an administrative error.

**PROPOSAL 2:  
ADVISORY VOTE ON EXECUTIVE COMPENSATION**

In accordance with the recently enacted Dodd-Frank Wall Street Reform and Consumer Protection Act, or the Dodd-Frank Act, we are providing our stockholders with a non-binding advisory vote to approve the compensation paid to our named executive officers as disclosed in this proxy statement in accordance with rules promulgated by SEC Rules.

Our Board of Directors is committed to corporate governance best practices and recognizes the substantial interests that stockholders have in executive compensation matters. The Compensation Committee of our Board of Directors has designed our executive compensation programs to achieve the following key objectives:

<u>Objective</u>	<u>How our compensation programs reflect this objective</u>
To achieve strong Company performance	<ul style="list-style-type: none"> <li>• Aligns executive compensation with the Company’s and the individual’s performance</li> <li>• Makes a substantial portion of total compensation variable with performance</li> </ul>
To align executives’ and stockholders’ interests	<ul style="list-style-type: none"> <li>• Provides executives with the opportunity to participate in the ownership of the Company</li> <li>• Rewards executives for long-term growth in the value of our stock</li> <li>• Links executive pay to specific, measurable results intended to create value for stockholders</li> </ul>
To motivate executives to achieve key performance goals	<ul style="list-style-type: none"> <li>• Compensates executives with performance-based awards that depend upon the achievement of established corporate targets</li> <li>• Rewards executives for individual contributions to the Company’s achievement of Company-wide performance measures</li> </ul>
To attract and retain a talented executive team	<ul style="list-style-type: none"> <li>• Targets total compensation at the 50<sup>th</sup> to 75<sup>th</sup> percentile range among companies with which we compete for talent and for stockholder investment</li> <li>• Utilizes independent compensation consultants and market survey data to monitor pay relative to peer companies</li> </ul>

We encourage stockholders to review the Compensation Discussion and Analysis in this Proxy Statement, which describes our executive compensation philosophy and the design of our executive compensation programs in great detail. Our Board of Directors believes the Company’s executive compensation programs are effective in creating value for our stockholders and moving the Company towards realization of its long-term goals.

We are asking our stockholders to signal their support for the compensation of our named executive officers by casting a vote “FOR” the following resolution:

“RESOLVED, that the Company’s stockholders approve, on a non-binding advisory basis, the compensation of the Company’s named executive officers, as disclosed in the Proxy Statement for the 2012 Annual Meeting pursuant to the compensation disclosure rules of the U.S. Securities and

Exchange Commission, including the Compensation Discussion and Analysis, the Summary Compensation Table and the other related tables and narrative disclosure.”

The vote sought by this proposal is advisory and not binding on the Company, the Board of Directors or the Compensation Committee. Although the vote is non-binding and advisory, the Company, the Board of Directors and the Compensation Committee value the input of the Company’s stockholders, and the Compensation Committee will consider the outcome of the vote when making future executive compensation determinations.

**THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE “FOR” THE APPROVAL OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS, AS DISCLOSED IN THIS PROXY STATEMENT PURSUANT TO THE COMPENSATION DISCLOSURE RULES OF THE U.S. SECURITIES AND EXCHANGE COMMISSION.**

**PROPOSAL 3:  
RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITOR**

Subject to stockholder ratification, the Audit Committee has appointed the firm of BDO USA, LLP, or BDO USA, as the Company’s independent registered public accounting firm for fiscal year 2013. Although ratification is not required by law, our Board of Directors believes that stockholders should be given the opportunity to express their view on the subject. While not binding on the Audit Committee, if the stockholders do not ratify this appointment, the appointment will be reconsidered by the Audit Committee. Even if the selection is ratified, the Audit Committee in its discretion may select a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of the Company and our stockholders. We currently anticipate that a representative of BDO USA will attend the Annual Meeting and this representative will be provided with an opportunity to make a statement, if he or she desires, and will be available to respond to appropriate questions of stockholders, if any.

The affirmative vote of the holders of a majority of the shares of Common Stock present in person or represented by proxy and entitled to vote at the Annual Meeting is required to ratify the appointment of BDO USA as the Company’s independent registered public accounting firm.

**OUR BOARD OF DIRECTORS RECOMMENDS YOU VOTE “FOR” RATIFICATION OF BDO USA AS THE COMPANY’S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR FISCAL YEAR 2013.**

Accordingly, for our 2013 annual meeting, any notification must be made no later than September 16, 2013. If during the prior year we did not hold an annual meeting, or if the date of the meeting has changed more than 30 days from the prior year, then notice must be received a reasonable time before we mail our proxy materials for the current year.
